# Cybersecurity Governance for Executives and Boards

## Course overview

This course supports participants to understand, apply and operationalise cybersecurity governance for executives and boards within institutional, programme or sector contexts. It combines practical instruction, applied examples and implementation-focused learning.

|                                                                     |                           |                                              |                                             |
