

M&E · INTRODUCTORY TO INTERMEDIATE

# Monitoring and Evaluation Fundamentals

## Course overview

This course supports participants to understand, apply and operationalise monitoring and evaluation fundamentals within institutional, programme or sector contexts. It combines practical instruction, applied examples and implementation-focused learning.

|                                                                     |                           |                                            |                                             |
