

RESEARCH & EVIDENCE · INTRODUCTORY TO INTERMEDIATE

# Research Ethics and Data Quality Assurance

## Course overview

This course supports participants to understand, apply and operationalise research ethics and data quality assurance within institutional, programme or sector contexts. It combines practical instruction, applied examples and implementation-focused learning.

|                                                                     |                           |                                              |                                             |

## Who should attend

Programme Teams, Technical Officers, Senior Managers, Communication Teams.

Level: Introductory to Intermediate

## Learning outcomes

By the end of this course, participants will be able to:

- Understand the core concepts and institutional relevance of research ethics and data quality assurance
- Apply practical tools, methods and decision frameworks
- Develop implementation, reporting and improvement actions

## Programme modules

1. Research design
2. Evidence generation
3. Data interpretation
4. Knowledge management and learning

## Institutional results

- Improved evidence use
- Better data-informed decision-making
- Stronger knowledge systems

## Delivery & practical details

Available as in-person, live online, blended, in-house. Venue and joining instructions are confirmed on registration.

November 2026

PROVISIONAL

## Assessment & certification

Where applicable, Sanetti issues attendance records, completion confirmation or other agreed training documentation.

## Fees & inclusions

Kenya: From KES 65,000. International: From USD 1,800 / Request Quote.

Fees are indicative. Final fees, inclusions and payment terms are confirmed in writing before registration.

## Register

Use the link or scan the QR code to register your interest. Your course is filled in automatically.
